Education

Bocconi University (Università Bocconi) – Double-degree (SAIF-Bocconi) Master of Science, Finance (Quantitative Finance) Relevant courses: <i>Time Series Analysis, Data Science and ML in Finance, Quantitative Portfolio Management, Market Structure and Models</i>	<i>Sep, 2026 – July, 2027</i> <i>Milan, Italy</i>
Shanghai Advanced Institute of Finance (SAIF), Shanghai Jiao Tong University (SJTU) Master of Science, Financial Engineering Relevant courses: <i>Finance (I, II) Machine Learning (I, II), Financial Mathematics, Fixed Income Securities, Derivative Securities, Financial Econometrics</i>	<i>Sep, 2025 – July, 2027</i> <i>Shanghai, China</i>
Faculty of Mathematics (Vega), Moscow State University (MSU) Visiting Student, Financial Mathematics Relevant courses: <i>Stochastic Calculus, Machine Learning in Finance</i>	<i>Feb, 2024 – Now</i> <i>Remote</i>
Plekhanov Russian University of Economics (PRUE) – Honors Degree (GPA: 3.94/4.0) Bachelor of Science, Economics (English-taught) Relevant courses: <i>Risk Management, Statistics, Econometrics (I, II), Investment Analysis, Linear Algebra (I, II), Calculus, Probability Theory</i>	<i>Sep, 2021 – July, 2025</i> <i>Moscow, Russia</i>
International Business School (IBS), Beijing Foreign Studies University (BFSU) Exchange Semester, Finance (International Finance) Relevant courses: <i>Investment Analysis, Business Law, Chinese (HSK3)</i>	<i>Sep, 2023 – Jan, 2024</i> <i>Beijing, China</i>

Professional Experience

L'Oréal – Financial Analyst (Leadership Program) - Developed budgets and Trend forecasts for 2025-2026 (~\$20M) across L'Oréal Russia's Supply Chain, Internal Employee Store, and «No Waste» Manufacturing Policy. - Automated financial period closing, improving accounting accuracy and accelerating the process by 15% using SAP scripts and Excel (VBA). - Restructured internal financial reporting and BI dashboards, improving KPI accuracy across Global and Local Supply Chain Finance reports.	<i>June, 2024 – July, 2025</i> <i>Moscow, Russia</i>
---	---

Pre-Graduate Experience

MARS – Data Analyst (Internship) - Analyzed MARS Sales across Regions, Distributor channels, and Branches using Excel (VBA) and Python (Pandas, NumPy, Matplotlib) to pinpoint efficient chains. - Developed a Power BI Dashboard to monitor the financial performance (P&L) of all MARS distributors in Russia, enabling senior managers to refine Distributor Engagement Strategy. - Designed a KPI-based quarterly scorecard to evaluate distributor performance, identifying top partners and supporting the development of a Bonus Payout Program	<i>June, 2023 – June, 2024</i> <i>Moscow, Russia</i>
Plekhanov Russian University of Economics (PRUE) – Researcher (Scientific practice) - Analyzed CO₂ emissions data (2020–2021) in Russia's manufacturing industries, assessing efficiency and the financial potential of implementing ESG initiatives. - Supported senior researchers at the Research Institute for the Low-Carbon Economy in Data collection and preparation for academic papers on Environmental and Economic discourse in Russia.	<i>July'2022 – Feb'2023</i> <i>Moscow, Russia</i>

Honors & Scholarships

<i>Plekhanov Russian University of Economics (PRUE), Merit Student (University Level)</i>	<i>July, 2025</i>
<i>SAIF's MF Global Impact Scholarship (University Level)</i>	<i>June, 2025</i>
<i>IESEG (Merit-Based Scholarship), Tsinghua (Full Excellence Scholarship)</i>	<i>June, 2025</i>
<i>Startup Grant of \$10,000 from the Government Innovation Fund (5th wave, National Level)</i>	<i>July, 2024</i>
<i>Startup Grant of \$10,000 from the Government Innovation Fund (6th wave, National Level)</i>	<i>Sep, 2025</i>

Achievements

Data Fusion Contest 2026 – Top 4.7% (National level, 56 th out of 1142 participants) - Multi-label ML-competition organized by VTB Bank (Leading Russian Bank) to predict the probability of clients opening 41 banking products using anonymized data from 1M customers. - Designed a target-wise ensemble framework (per-target models) combining XGBoost, CatBoost, and auxiliary feature pipelines.	<i>March, 2026</i> <i>Online</i>
Changellenge Cup Moscow 2021 – Semi-finalist (National level, Top 1.5%) - Ranked among the top 1/16 teams out of 1000+ participants, qualified for the semifinals. - Recognized with a High-Quality Award for analytical depth and solution rigor. - Conducted Market Analysis and developed a Data-driven business strategy for Perfetti Van Melle.	<i>Dec, 2021</i> <i>Moscow, Russia</i>
Plekhanov Case Club & Groupe SEB 2021 Case Championship – Winner (First Prize) - Led Market research and built financial model to support a strategic recommendation for Groupe SEB. - Received Fast-track to Groupe SEB as a first-year Bachelor student.	<i>Nov, 2021</i> <i>Moscow, Russia</i>

Personal Characteristics

Programming Languages: Python, R, SQL, LaTeX, VBA, C++ (In process...).

Machine Learning: Gradient Boosting, Time Series Forecasting, Feature Engineering.

Software: SAP ERP, IBM Compass, Power BI, Excel (Advanced Tools), Power Point (Think-cell), Bloomberg Terminal, Git.

Languages: Russian (Native), English (Fluent), Chinese (Intermediate Proficiency).

Interests: Investments (over 5 years of experience in bond markets on MOEX), Weightlifting, Political and Economic history (one of my favorite books is *The Rise and Fall of Nations: Forces of Change in the Post-Crisis World* by Ruchir Sharma).
